VG LFL470 470W bulb follow spot light

Power supply: AC100-240V, 50Hz-60Hz

Power consumption: 550W

Light source: HRI 470W

Bulb lifespan: 1500hours

Color Temperature:

Built-in 7500K, 6500K, 4500K, 3200K

Optics: The light source adopts secondary light
guide rod concentrating technology

Beam angle: 4.5-9°

Aperture zoom: Electronic linear zoom in and out

Control method: manual control panel

Pattern: 3 fixed patterns

DMX channel: 7chs

Dimmer: Dual-chip dimming, electronic linear dimming

Built-in programming function: Three kinds of chasing
function programs can be preset for performance, and can
be switched with one key when using

Cooling system:

automatic temperature detection,
automatic fan speed regulation

Working environment: up to 40°

Protection rate: IP20

Shell: Steel + Aluminum

Dimensions: 650X 310 x 270mm

Weight: 21kg
